

Free our friends! - Call for donation

On December 10th, during an unannounced fire safety control, which began at 5:00 AM, two residents of the Gerhart-Hauptmann School were awoken and arrested. As disrespectfully as possible, a further resident was arrested the following day during the memorial service for refugee activist Sista Mimi in front of the school. Sista Mimi was an activist who lived and struggled in the school who passed away on the afternoon of December 10th. Our friends have been in pre-trial custody in the prison JVA Moabit since then.

Currently neither there is neither an indictment nor a trial date. It is clear that warrants were issued based on accusations from the time of the roof occupation in June/July 2014

We, the support group TWAS – Together We Are Strong – are trying now to support the three activists insofar as possible in their isolated days. With the understanding of those in prison, we regularly transfer money to their JVA account, in order to break their isolation (for telephone cards, stamps, radio, television, etc.). In addition, we are organizing clothing, books, and other ways of passing the time, we send letters and packages and coordinate the strongly limited visitor hours they are allowed (twice a month for one hour) and we are in contact with their lawyers. Donations are also used to cover the lawyers' fees.

Support our people in prison!

Every euro and every letter count!

Solidarity knows no walls!

„i have been locked by the lawless.
Handcuffed by the haters.
Gagged by the greedy.
And, if i know anything at all,
it's that a wall is just a wall
and nothing more at all.
It can be broken down.

i believe in living
i believe in birth.
i believe in the sweat of love
and in the fire of truth.“
